College Day At A. H. S.

The Distributive Education Club and the Diversified Occupations Club are co-sponsoring a "College Day" on Friday, November 22, from 10:00 A. M. to 12:00 noon, at Appomattox High School. The "College Day" is a follow-up on the Smith-Hughes Act, which the two clubs co-sponsored on October 16.

The high school student body, including grades 8-12, will have an opportunity to meet with representatives from three different colleges due to the manner in which the schedule is set up. The meetings are set up in three time groups: 10:00-10:35; 10:45-11:20; and 11:25-12:00.

The purpose of "College Day" is to give the students an opportunity to learn about college requirements so that they may more wisely plan their courses of study while in high school. Colleges today are raising entrance requirements, therefore high school students should start from the 8th grade to work toward meeting these standards.

Colleges to be represented and their representatives are as follows:Emory and Henry, Charles R. Davis; Ferrum Junior College, Miss Faye Wood; Longwood, A. R. Merchent; Lynchburg, Rex Tillotson; Madison, Mrs. Dorothy Garber; Radford, Dr. C. D. Farrar; Richmond Professional Institute, Leonard F. Maiden; Sweet Briar, Miss Jean L. Williams; University of Richmond and Westhampton, Dr. Warwick R. West, Jr.; and Virginia Military Institute, Arthur M. Lipscomb, Jr.

The students at Appomattox High School turned in names of colleges they would like to have representatives and invitations were issued, based on these requests.

The school administration and faculty hope that parents will also plan to attend "College Day" and by hearing these representatives will be better informed about colleges that thir children are interested in attending.

GIRL SCOUT ACTIVITY

It's a "do-it-yourself" age we live in and many people are learning something the Girl Scouts have always known — that it's fun to work with your hands, to make your own jewelry, build your own furniture, design you room clothing. And these are just some of the skills girls learn in Scouting. Yes, we count on the Girl Scouts to prepare youngsters for a richer, fuller life. The girls also count on the people in our community to help and guide them.

The business firms listed below have agreed to permit their names to be placed on a "tour list" of the Lynchburg Area Council of Girl Scouts, Inc.: Appomattox Garment Factory, Transcontinental Gas Pipeline Corp., Bak-Co Turkey Hatchery.

Local Firemen Di[illegible]ine Job

Prompt and effective action by the local volunteer fire company prevented a sizeable fire loss here Tuesday morning. A fire broke out from a stove in the ground floor of the Ould apartment house on Railroad St., in the heart of town, and endangered the large three-story building. A stiff wind was blowing at the time, Firemen were quickly on the scene, and handled the situation in expert manner, limiting the fire to one room. The entire building was filled with smoke. Both fire engines were used.

Not Here, Anyway

Columbia University educators have described the perfect child, but no parents are likely to be so unfortune as to have him. —The Terre Haute Star.

Mayor C. T. Moses, Jr. today issued the following weekly news report to the citizens of the Town of Appomattox:

"I want to again take this opportunity to thank all of you fine people for your efforts and contributions toward our Fall Clean-Up Campaign. Your continued cooperation will be greatly appreciated by all of the town officials.

"The Town Council held its regular meeting on Monday, Nov. 18, at which time many different problems were discussed. Since the meeting it seems that some rumors have spread which I would like to clarify at this time. The problem of parking meters was discussed at length, but as yet I can assure you that the Council has not voted to have them installed.

"The Town has purchased a used car from the State of Virginia which will be properly marked and officially used by the Town Policeman. I want to plead with you good people again to cooperate with our new town officer in every way you can. It is not his desire to give anyone a ticket for any traffic violation, but he is acting under the authority of the Mayor and Council to enforce the law and try to make our town a safer community in which to drive. Let's all put our best foot forward and try to protect ourselves and our fellow citizens.

"I want to again thank our volunteer fire company for their untiring efforts and splendid job in extinguishing the fire on Tuesday morning.

"Remember, in order to keep our town clean, we should all make the proper use of the trash cans and see that the trash is not put in the streets or gutters."

Williamson Recognized As Young Farmer

Bill Williamson, of Route 4, Appomattox, has been elected the Outstanding Young Farmer of the Year of the Appomattox Young Farmers Association. Bill farms 125 acres of land with some help from his father. He raised tobacco, corn, wheat, beef cattle and feeder hogs. He recently had the farm laid off for strip cropping and is preparing to follow a complete soil conservation plan of farming.

Bill had to quit high school during his freshman year to take over duties as a full time farmer, due to his father's illness. He liked farming and since then has made steady progress in his vocation. He has tried to learn the newer, better methods of farming by visiting the experiment stations, by reading and studying agricultural bulletins and magazines. In 1954 he joined the local Young Farmer Association and has an almost perfect attendance record since that time.

The past two years Bill has been secretary-treasurer of the local Young Farmer Association. He has served on the program of work committee for the Appomattox Association and for the Virginia Young Farmer Association. He has attended all State and District Young Farmer Associations for the past three years.

Bill has earned and invested in the farming business about $6,000.-00 since he began full time farming. He farms the home farm and some rented land. Bill's farming program during 1957 consisted of 2.16 acres of tobacco, 12 acres of corn, 8 acres of wheat, 4 acres of oats, 26 acres of hay, 10 head of beef cattle, including a registered Hereford bull; 6 feeder hogs, 4 dairy cattle, and 100 laying hens. The laying hen enterprise was a new one just begun this year. Bill and his father built a 12'x24' chicken house this year for this enterprise. They selected mature trees from the thirty acres of woodland to get the lumber for this house. Other improvements made by Bill consisted of painting a combine, building a storage shed on side of the barn, and grading, ditching and graveling about one-half mile of farm road out to the main road.
